SITE FOCUS

**Practical AI Tools & Automation Workflows**

## AUDIENCE

Technical practitioners and builders who use AI tools to solve real workflow problems, not hype-chasers. Readers are engineers, automation specialists, and indie developers who are evaluating whether a tool is worth deploying, not just reading about it.

- \* Automation engineers & developers (est. 45%)
- \* Technical founders & indie builders (est. 25%)
- \* Operations & product professionals (est. 20%)
- \* IT & platform administrators (est. 10%)

### PRIMARY GEOGRAPHIES

US, UK, Canada, Germany, Australia

### INDUSTRY VERTICALS

Software / AI / SaaS / No-Code / Operations

## WHY ADVERTISE HERE

EngineeredAI has a deliberate anti-hype editorial stance. Reader trust is high precisely because the site is critical by default. Sponsors who appear here are seen as tools that passed a technical filter — a different category of endorsement than a product roundup.

## IDEAL SPONSORS & PARTNERS

n8n, Perplexity, local LLM tool companies, automation platforms, no-code/low-code tools

## PLACEMENT OPTIONS & RATES

Placement	Rate	Details
Sponsored Post	\$175-\$275	1,000+ word workflow-focused post, do-follow link, permanent, labeled Sponsored
Display Ad - In-Content	\$100-\$185 / mo	300x250 banner placed in post sidebar or body on inner post pages, static or animated
Tool Spotlight	\$200-\$350	Focused editorial on your tool's use case in an n8n/automation workflow
